

## **Welcome to the 7th annual SFCA KING'S XC Invitational!**

Southwest Florida Christian Academy  
3750 Colonial Blvd

### **A little bit about the course:**

This race set up is one where runners will be able to challenge themselves with a two loop course that is about 90% flat grass with some shaded areas along the way. Spectators and coaches are able to catch a ride on a golf cart if needed, and the mile and two mile marks are close to one another. The course will be very well marked like in the past. Elite timing will be our timer, and awards will be held after the combined JV race. We look forward to hosting you!
